

Providing Comprehensive Outpatient Care Services

In the face of rising healthcare costs, ever-increasing reliance upon outpatient care and a global shortage of medical professionals providing effective outpatient care has never been more challenging or important.

Modern Med Health Solutions provides compassionate, patient-oriented outpatient care to ensure enhanced patient outcomes via point-of-care interactions and ongoing support. Whether it's a large hospital or a local community clinic, we can provide your organization with enterprise healthcare solutions by:

- Providing administration support to help with in network processes
- Highly skilled medical providers to assist in meeting your facility's patient objectives
- Providing analytic support to help you effectively meet your quality control goals

Modern Med Health Solutions is one of the top 1% of companies regarding its commitment to Quality, possessing the prestigious ISO 9001 Quality Management System Certification.

We augment our outpatient care services capabilities with critical strategies and skills to help correct the imbalances that exist within the healthcare environment. As a leader in the outpatient healthcare space, Modern Med Health Solutions understands that each client and facility is unique in their requirements and Provider needs. We understand the challenges being faced in today's healthcare and provide solutions to meet those demands.

Modern Med Health Solutions is prepared to provide medical personnel, technical, and management support to identify, create, and synthesize strategies to support near-, mid-, and long-term objectives for your facility. Our experienced and highly credentialed Physicians, Nurse Practitioners, Physician Assistants, Psychologists provide first level healthcare services to a broad

spectrum of clients. We have a vast network of highly skilled, nationally credentialed, and board-certified multi-specialty medical providers who are dedicated to practicing quality, integrative medicine.

Our staff has direct experience and involvement with local government, federal government and private healthcare organizations. Our designated healthcare professionals have years of experience in treating complex medical conditions and collaborating with other specialties to provide the best integrative medical care in any outpatient setting. Our knowledge area includes expertise in national hospitals, clinics, substance abuse and behavioral health centers, long-term care facilities, occupational health centers, surgical centers, ambulatory care centers, and community health centers.

As a solutions provider we take a detail-oriented approach to understanding each organization's needs to deliver cost effective solutions in a timely manner. We seek to understand what is important to each outpatient facility, its culture, expectations, and requirements for maintaining a high level of quality and efficiency within the workplace. We render excellence through medicine by offering strategic planning and research, provider placements in hard target areas, and help forecast future trends to outpatient facilities.

As a Women-Owned, HUBZone, and ISO 9001 Certified Small Business, Modern Med Health Solutions is fully vested in providing solutions that promote a modern, integral, and supportive healthcare environment to every organization.

Outpatient Care Demands a Total Commitment to Quality

At the core of all of our services is our total commitment to quality. ISO 9001:2015 is an international standard dedicated to Quality Management Systems (QMS).
